Paw Brothers® Laser Sharp Grooming Shears (Narrow Blade)

✓ Light Shear For Finish And Delicate Work With Finger Rest

The Laser Sharp Grooming Shear by Paw Brothers® is designed with the groomer in mind. It has an ergonomic handle with the thumb shank being shorter and finger hole turned inward for more comfort and control. The design allows the shear to be opened easier, wider and with less effort. The Laser Sharp Shears are Stainless Steel Ice Tempered, have thumb inserts.

Paw Brothers® Premium Double Tooth Thinner

This thinner has V-notched teeth in the bottom blade and beveled teeth in the top blade to remove 50% of hair each cut. The teeth on both blades allow this thinner to also be used as a dematting tool. The offset rings and micro-adjustment dial allow for quick easy opening of this thinner to shorten your grooming time.
