FleaVac

Turn Your Vacuum into a Flea Killing Machine

The FleaVac System is an all natural, eco-friendly way to kill fleas. It is affordable and effective, killing all 4 stages of the flea life cycle: adult, eggs, larvae, and pupae. Works with any type of vacuum including bagless. Use as often as needed, it does not expose pets to toxins and remains effective in your vacuum until you change the bag or empty the chamber. Vacuum pet and infested areas such as carpets, furniture and bedding.

FleaVac System includes the FleaVac attachment hose and a 2 Pack of Kill Pellets. The system is easy to use: Suction FleaVac's all natural Eco-Friendly kill pellet into your vacuum. Attach FleaVac attachment hose to your vacuum.
