Breathalyser Gel

✓ **Oral Cleansing Gel for Dogs and Cats**

Breathalyser Gel was designed by a veterinary dentist to help decrease bad breath and maintain good oral hygiene. Alcohol-free, pleasant tasting with surface adherents and thickeners to hold the gel onto oral surfaces. Chlorhexidine

added. Breathalyser Gel is easy to administer. Simply apply gel to the gums of the upper and lower molars, or apply to a cotton swab and rub directly on molars and gums.

Breathalyser Plus

✓ **Drinking Water Additive for Dogs and Cats**

This product is one of the most effective ways to treat bad breath, tartar build-up, and gingivitis at home. Breathalyser features the active ingredient Zinc gluconate which is considered by veterinary dental experts as being one of the most effective tools in combating halitosis in pets. Also features Emilgase a proteolytic enzyme which breaks down residual food protein by-products. Easy to administer, simply add the recommended dosage to your pet's water.
